What are the requirements for being a Commercial Real Estate Broker in Ca?

Question by MYSTERY!!: What are the requirements for being a Commercial Real Estate Broker in Ca?
Also what is the difference between an "agent" and a "broker"..

And is it better to do commercial real estate or residential?

Thanks!

Answer by satarnag

Agent works for a broker and has less requirements to get licensed. A broker can do anything real estate related, including loans in California and commercial real estate. As to which is better, it depends on you and what you like.
